We cannot get all the switchboards and other equipment needed to meet the telephone demands of the times. So we must make the most of the present equipment. That's why "Information" appreciates your looking in your Directory for listings before you ask her assistance. It helps to keep her lines and facilities clear for the use of all who need her aid.

Two friendly telephone habits: **QUICK** to answer when your bell rings; **SLOW** to hang up when you call someone who does not immediately respond. In calling others, remember that the called person may be almost there—so wait a few seconds longer.

In seven large cities on the Pacific Coast, telephone customers ask "Information" for numbers approximately 242,000 times every day. And two out of five of those requests are for numbers that are right at hand in the telephone directory. It takes hundreds of skilled operators to look up these thousands of numbers -- it ties up large amounts of telephone equipment. You can help us to make this equipment go further. You can help us to serve you by calling "Information" only when you do not find the number listed in the telephone directory.
