Often it is a convenience for various members of your household or business to have personal listings in the Telephone Directory. The cost of these extra listings is small.

WHY SOME TELEPHONES
REPORT busy!

Conversation finished but receiver left "off the hook" — forgotten.

Books, ash trays, ornaments can keep it "off the hook" too.

For full use of your telephone, please keep your instrument "hung up"—ready for service.

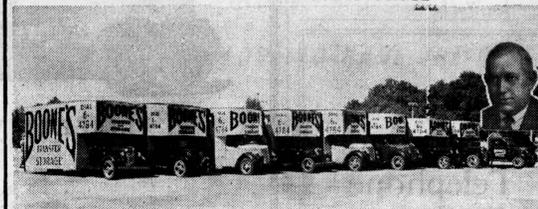

For the
Hard-of-Hearing

A special telephone has been developed by the Bell System for the aid of those with impaired hearing. Our nearest business office will gladly give further information.
