

20 YEARS of Success as Sacramento's Leading X-RAY CHIROPRACTORS

It has been our privilege in our many years of experience to treat thousands of patients, some of whom have sought every other kind of treatment before seeking our services. Many who had practically given up in despair, yet clinging to a last glimmering hope, came to us, and it is with pardonable pride that we point to our unequalled record of success.

This success may be accredited to THESE OUTSTANDING FACTORS.

FIRST. We accurately locate and determine the cause of your condition before we attempt to treat you. This we do by means of a complete spinal X-RAY.

Our office is provided with the most modern X-RAY equipment, not just a fluoroscopic machine that creates only an image to be studied only when the patient is present. Our X-RAY makes a permanent film record that not only enables us to make an accurate analysis, but also to study your progress while undergoing treatment. There is no guess-work. Through X-RAY you are enabled to see and understand the cause of your own condition.

SECOND. We employ *only* chiropractic adjustments. These treatments are most effective, as they reach directly to the cause of your condition and correct it by relieving the pressure on impinged nerves.

THIRD. Our adjustments are gentle. The best evidence of this is to be seen in the number of children we treat.

We DO NOT ACCEPT patients unless a complete analysis by X-RAY leads us to believe we can benefit them. OUR FEES ARE REASONABLE.

We invite you to consult us and discuss your case freely WITHOUT OBLIGATION. If we can help you, we will frankly tell you so. If we cannot, we will be equally as frank.

For your health's sake, talk over your condition with us.

Dr. G. R. Smith and **Dr. E. I. Du Frasne**
