Use of the telephone in its most effective way means speed for the user—and it helps to keep the lines clear for the calls of war production.
 Suggestions:
 Have the right number.
 Dial local calls direct, rather than by dialing Operator.

You can help the boys in service get better telephone service if you do any Long Distance calling of your own at hours other than between 7 and 10 o'clock each night. That's about the only time they can get to the telephone.
