Often it is a convenience for various members of your household or business to have personal listings in the Telephone Directory. This of these extra listings is small.

Among many things that have to be set aside for "the duration" is the building of more telephone lines, more switchboards and central office equipment for us here at home.

We need your continued co-operation. We ask that only really necessary calls be made to cities and towns busy with war work.

Your understanding . . . your teamwork . . . are deeply appreciated.
