

## 20 Years Success... Sacramento's Leading X-RAY Chiropractor

In my many years of experience I have been privileged to successfully treat thousands of patients, many of whom had practically given up in despair before coming to me, yet I point with pardonable pride to an unequalled record of accomplishment.

This is due to the fact that I do not accept a patient without first making a complete spinal analysis, and, if necessary, by X-Ray to locate and determine the cause of his condition. To accomplish this, my office is provided with the most modern X-Ray equipment, which makes a permanent film record enabling me to make an accurate analysis and also to study your progress while undergoing treatment. All guesswork is eliminated.

I employ ONLY Chiropractic adjustments. They reach the cause of your condition directly and correct it by relieving the pressure on impinged nerves. My adjustments are gentle, as evidenced by the number of children I treat.

You are invited to consult me and discuss your case freely, WITHOUT OBLIGATION. If I can benefit you, I will frankly tell you so. If I cannot, I will be equally as frank. Your health is at stake, why not talk over your condition with me?
