Good neighbors are considerable party-line users. Remember these party-line golden rules:

- Space your calls instead of making several of them without a break.
- Talk only as long as you have to on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear to receive your call.
- Ask your youngster not to monopolize the telephone.

## What calls Did He MISS?

He'll never know; for he failed to replace the receiver of his telephone.

Your calls may be important. See that the receiver is properly replaced.

"Looking it up in the Classified" is a national habit. Purchasing agents, production men and engineers as well as housewives refer to the Yellow Pages when they are ready to buy.

## When You Have FORGOTTEN... A NAME Recommended By-Someone

You remember someone having recommended a certain concern or dealer, but can't remember the name recommended.

## LOOK IN THE Classified TELEPHONE SECTION

You will probably recognize the name when you see it.
