Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nationwide unity of method and spirit means a telephone service of the utmost dependability.

**Busiest Book in the
 World**

The familiar telephone directory is America's No. 1 reference book. It is the busiest book in the world because it is helpful to practically everyone.
