 Telephone service is a friendly service.
 The people who operate and maintain it
 take a genuine satisfaction in serving you
 pleasantly and well. People who use the
 telephone a great deal find that friendliness
 is an instinctive habit. The telephone
 helps folks to know each other better.

A store may not immediately come to
 the mind of a prospect when special services
 are desired, such as are offered by a
 Beauty Salon, Radio or Watch Repairing
 Department. Many establishments, realizing
 this, advertise under several classifica-
 tions in the Classified Directory. Thus
 they direct more business their way.

 Telephone men in all parts of the Bell
 System have had long experience in
 working together. Tools, equipment,
 methods of tackling the job and the
 "language of the business" are the same
 north or south, east or west. This nation-
 wide unity of method and spirit means a
 telephone service of the utmost depend-
 ability.
