The men and women in the Bell System
are used to meeting emergencies and
they are trained and equipped to carry
on in times of special need. For years
they have known the test of fire, flood
and storm. Always before them is the
tradition that "the message must go
through."

A thoughtful party-line user answers
her telephone bell promptly . . . places
her own calls accurately, so that they
do not have to be placed again . . .
does not monopolize the telephone at
the inconvenience of others . . . teaches
children, too, the little telephone kind-
nesses . . . and when her telephone is
not in use, sees that it is hung up.
