Do you wait for the dial tone before dialing? When you dial before hearing the tone, you prevent the equipment from getting you your number. You also impair its ability to serve other users. Waiting for the dial tone helps the service to serve all.

Garbage Disposal Equipment-(Cont'd)

Good neighbors are considerate  
party line users. Remember these party-  
line golden rules:  
• Space your calls instead of making  
several of them without a break.  
• Talk only as long as you have to  
on each call.  
• When you finish talking replace  
the receiver properly.  
• Make certain, if you are using a  
dial telephone, that the line is clear  
to receive your call.  
• Ask your youngster not to monopoli-  
ze the telephone.
