**NEWSPAPER FIREWOOD**  
To make a small grate or stove fire,  
or to kindle a big one, use old newspapers  
which have been rolled up  
tightly, soaked overnight in water,  
squeezed out and allowed to dry for  
several days. The tighter they are  
squeezed, the better firewood they make.

The Classified Directory has solved  
many a buyer's problem.

Good neighbors are considerate  
party line users. Remember these party-  
line golden rules:

- Space your calls instead of making several of them without a break.
- Talk only as long as you have to on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear to receive your call.
- Ask your youngster not to monopolize the telephone.
