Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

A thoughtful party-line user answers her telephone bell promptly... places her own calls accurately, so that they do not have to be placed again... does not monopolize the telephone at the inconvenience of others... teaches children, too, the little telephone kindnesses... and when her telephone is not in use, sees that it is hung up.
