QUICK BRASS CLEANER

You can clean copper and brass instantly
by rubbing with a mixture of
vinegar and salt. The finish won't last as
long as with regular metal polish, but
the mixture does a fine job.

NEWSPAPER FIREWOOD
To make a small grate or stove fire,
or to kindle a big one, use old newspapers
which have been rolled up
tightly, soaked overnight in water,
squeezed out and allowed to dry for
several days. The tighter they are
squeezed, the better firewood they
make.
