Good party-line neighbors are

considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

For speed and accuracy on your dial calls, listen first for the dial tone. Dial each letter and digit carefully, drawing the dial all the way to the finger stop. Lift your finger each time to let the dial return to position naturally.
