- Party Line Pointers:
1. Space your calls instead of making a whole series.
 2. If you're in an emergency call and the line is in use, explain the circumstances to the person using the line.
 3. If you are calling from a dial telephone, always make certain the line is clear before you dial.
 4. When the children use the telephone, ask them to be considerate, too.
 5. Replace the receiver properly when you finish your call.

An extension telephone in another part of the house saves time and steps. The cost is small.

TO REPAIR LINOLEUM
If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.
