 Party Line Pointers:
 1. Space your calls instead of
 making a whole series.
 2. If yours is an emergency call
 and the line is in use, explain
 the circumstances to the person
 using the line.
 3. If you are calling from a dial
 telephone always make certain
 the line is clear before you dial.
 4. When the children use the tele-
 phone, ask them to be con-
 siderate, too.
 5. Replace the receiver properly
 when you finish your call.

 Please speak distinctly, when you telephone,
 with lips close to the mouthpiece. It is just as
 important to talk directly into the transmitter
 as it is to keep your ear close to the receiver.
