(See Advertisement Page 354)

(Continued Next Page)

**KEEP LIGHT FROM MILK**  
Keep light from milk to prevent  
loss of riboflavin, its most important  
vitamin element. If you don't  
meet the milkman, leave out a  
covered, insulated box for bottles  
of milk. Remember that light hurts  
milk more than heat does in a  
short time.

2824 S -----GL 5-2861

**NEWSPAPER FIREWOOD**  
To make a small grate or stove  
fire, or to kindle a big one, use  
old newspapers which have been  
rolled up tightly, soaked over-  
night in water, squeezed out  
and allowed to dry for several  
days. The tighter they are  
squeezed, the better firewood  
they make.

**Party Line Pointers:**  
1. Space your calls instead of  
making a whole series.  
2. If yours is an emergency call  
and the line is in use, explain  
the circumstances to the person  
using the line.  
3. If you are calling from a dial  
telephone always make certain  
the line is clear before you dial.  
4. When the children use the tele-  
phone, ask them to be con-  
siderate, too.  
5. Replace the receiver properly  
when you finish your call.
