SCREW STUCK?

To loosen tight screws or bolts, place a few drops of peroxide on them. Let soak for a few minutes.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth. (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Party Line Pointers:

1. Space your calls instead of making a whole series.
2. If youurs is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.
