NEWSPAPER FIREWOOD
To make a small grate or stove
fire, or to kindle a big one, use
old newspapers which have been
rolled up tightly, soaked over-
night in water, squeezed out
and allowed to dry for several
days. The tighter they are
squeezed, the better firewood
they make.

Two friendly telephone habits:
QUICK to answer when your bell
rings; SLOW to hang up when you
call someone who does not im-
mediately respond. In calling
others, remember that the called
person may be almost there—so
wait a few seconds longer.
