Good party-line neighbors are considerate party-line users. Remember these golden rules:
• Space your calls instead of making several without a break.
• Talk only as long as necessary on each call.
• When you finish talking replace the receiver properly.
• Make certain, if you are using a dial telephone, that the line is clear before you dial.
• Ask your youngsters to be considerate, too.

Always listen for the dial tone before you dial. It's a steady humming sound that tells you the equipment is ready to take your call.

What calls Did He MISS?

He'll never know; for he failed to replace the receiver of his telephone.

Your calls may be important. See that the receiver is properly replaced.
