Often it is a convenience for various members of your household or business to have personal listings in the Telephone Directory. The cost of these extra listings is small.

No need to march around all day looking for something you want to buy. A glance at the Classified Directory will nearly always show you who sells it.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.
