KEEP LIGHT FROM MILK
Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

What calls Did He MISS?

He'll never know; for he failed to replace the receiver of his telephone.

Your calls may be important. See that the receiver is properly replaced.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

PLEASE LISTEN FOR THE DIAL TONE BEFORE DIALING

That "dial tone," a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"
