Party Line Pointers:  
1. Space your calls instead of making a whole series.  
2. If you're in an emergency call and the line is in use, explain the circumstances to the person using the line.  
3. If you are calling from a dial telephone always make certain the line is clear before you dial.  
4. When the children use the telephone, ask them to be considerate, too.  
5. Replace the receiver properly when you finish your call.

Good party-line neighbors are considerate party-line users. Remember these golden rules:  
• Space your calls instead of making several without a break.  
• Talk only as long as necessary on each call.  
• When you finish talking replace the receiver properly.  
• Make certain, if you are using a dial telephone, that the line is clear before you dial.  
• Ask your youngsters to be considerate, too.
