NAIL POLISH FOR METAL

To keep the bright metal bands on kitchen sinks and counters from staining your apron black, touch up the bands with colorless lacquer. If you can't get the lacquer, colorless nail polish will do.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver promptly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.
