Party Line Pointers:

1. Space your calls instead of making a whole series.

2. If you're in an emergency call and the line is in use, explain the circumstances to the person using the line.

3. If you are calling from a dial telephone always make certain the line is clear before you dial.

4. When the children use the telephone, ask them to be considerate, too.

5. Replace the receiver properly when you finish your call.
