**4,600 People—**

In the Bell Telephone Laboratories there are about 4,600 people constantly developing new tests, new materials, and new methods leading toward a better and cheaper telephone service for America.

**THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY**

**PLEASE LISTEN for the DIAL TONE BEFORE DIALING**

That "dial tone", a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

You're almost certain to find the person or firm to do the job you want done when you  
LOOK IN THE  
Classified TELEPHONE SECTION

Party Line Pointers:  
1. Space your calls instead of making a whole series.  
2. If you're in an emergency call and the line is in use, explain the circumstances to the person using the line.  
3. If you are calling from a dial telephone always make certain the line is clear before you dial.  
4. When the children use the telephone, ask them to be considerate, too.  
5. Replace the receiver properly when you finish your call.
