The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through."

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.
