- Park 972 Consumers' Yeast & Vinegar Works
- Douglas 2420 Golden Gate Compressed Yeast Co
- Market 274 Western Yeast & Vinegar Wks

Helpful Suggestions and Information for Bell Telephone Patrons

Long Distance Service

TO MAKE A LONG DISTANCE CALL.—Call the local operator in the regular way and ask for "Long Distance." When the long distance operator answers, give her the number of the telephone desired (if known), the city or town, and the state. If a particular person is desired, give his name. Then give the telephone number from which the call is made and the name of the person making the call. If the number of the telephone desired is not known, give the firm name or the name and initials of the person under whose name the telephone is listed, and, if possible, the street address.

MESSENGER CALLS.—If the person desired is not connected by telephone, a messenger will be sent to his address to request him to come to a telephone provided the party calling guarantees payment for the messenger service. The exact amount disbursed for messenger service will be charged in addition to the Company's tariff rates.

APPOINTMENT CALLS.—Appointment to talk at a specified time may be made by notifying the long distance operator of the time at which the connection is desired. No extra charge will be made for appointment calls (except for messenger service when such service is involved), but the company cannot guarantee the completion of the connection at the exact time specified.

COLLECT CALLS.—The charges on a long distance call, including messenger charges, if any, may be made against the telephone called, provided the charges are accepted by the party called. Requests to have the charges collected from the telephone called should be made when the call is given to the long distance operator.

LEAVE WORD CALLS.—If the person with whom you wish to talk is not immediately reached at the telephone called, word may be left (without charge) to have him call when ready to talk.

REPORTS.—In case delay is encountered in completing a call, the long distance operator will advise the person calling, at reasonable intervals, regarding the cause of the delay. If a report is desired, call the long distance operator and ask her for the information desired.

RATES AND CHARGES.—Rates for long distance service are based in general upon an initial period of one (1) minute, although in some cases a two (2) or three (3) minute initial period is used. The full rate for the initial period will be charged for all connections not exceeding the initial period. For overtime beyond the initial period, charge will be made by the minute for each additional minute or fractional part thereof. The long distance operator will not interrupt conversation to notify subscribers of the expiration of the initial period.

When a particular person is asked for, every reasonable effort will be made to establish the connection with the person desired. If the person desired is not reached, no charge will be made for the service rendered, except for messenger service, should such service be involved.

When no particular person is asked for at the time the call is given to the long distance operator, charge will be made if connection with the proper telephone is established.

REQUESTS FOR CHARGES.—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

SUPERVISION BY PRIVATE BRANCH EXCHANGE OPERATORS.—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Report all complaints of long distance service to the "Long Distance Chief Operator." For information not given above, concerning long distance service, call "Long Distance Chief Operator."
