

Kindergartens

If you conduct a kindergarten, it should be listed in the Buyer's Guide.

That's one of the first places people look, when they want to locate a business or a service whose address is unfamiliar.

Buying Information When You Want It!

At your service day and night the "Buyer's Guide" is always on duty. Go direct to this section when looking for real buying information. Advertisers in these pages are offering you the best in all lines. You should take advantage of the many features this section offers.

Advertising in the "Buyer's Guide" pays big dividends to those who use it. It reaches the homes of people who are financially able to buy the things you have to sell.
