

## “Thank You!”

**WE**, THE young women who serve your telephone, appreciate the co-operation you give us in our efforts to render a better and ever better service.

We handle many thousands of calls a day. We earnestly desire to reduce errors to an absolute minimum. Sometimes, in spite of our efforts, a call goes astray. It is our desire as well as yours to get the message back on the right path instantly.

We can correct a wrong number or a cut-off, and our Supervisors are ready to intercede in problems beyond our immediate control.

Should your telephone be out of order, please step to another and notify Repair Service.

If you have business to trans-

act with the company, such as an order for service, an item on your bill, a directory listing or the moving of a telephone, please ask for our Business Office.

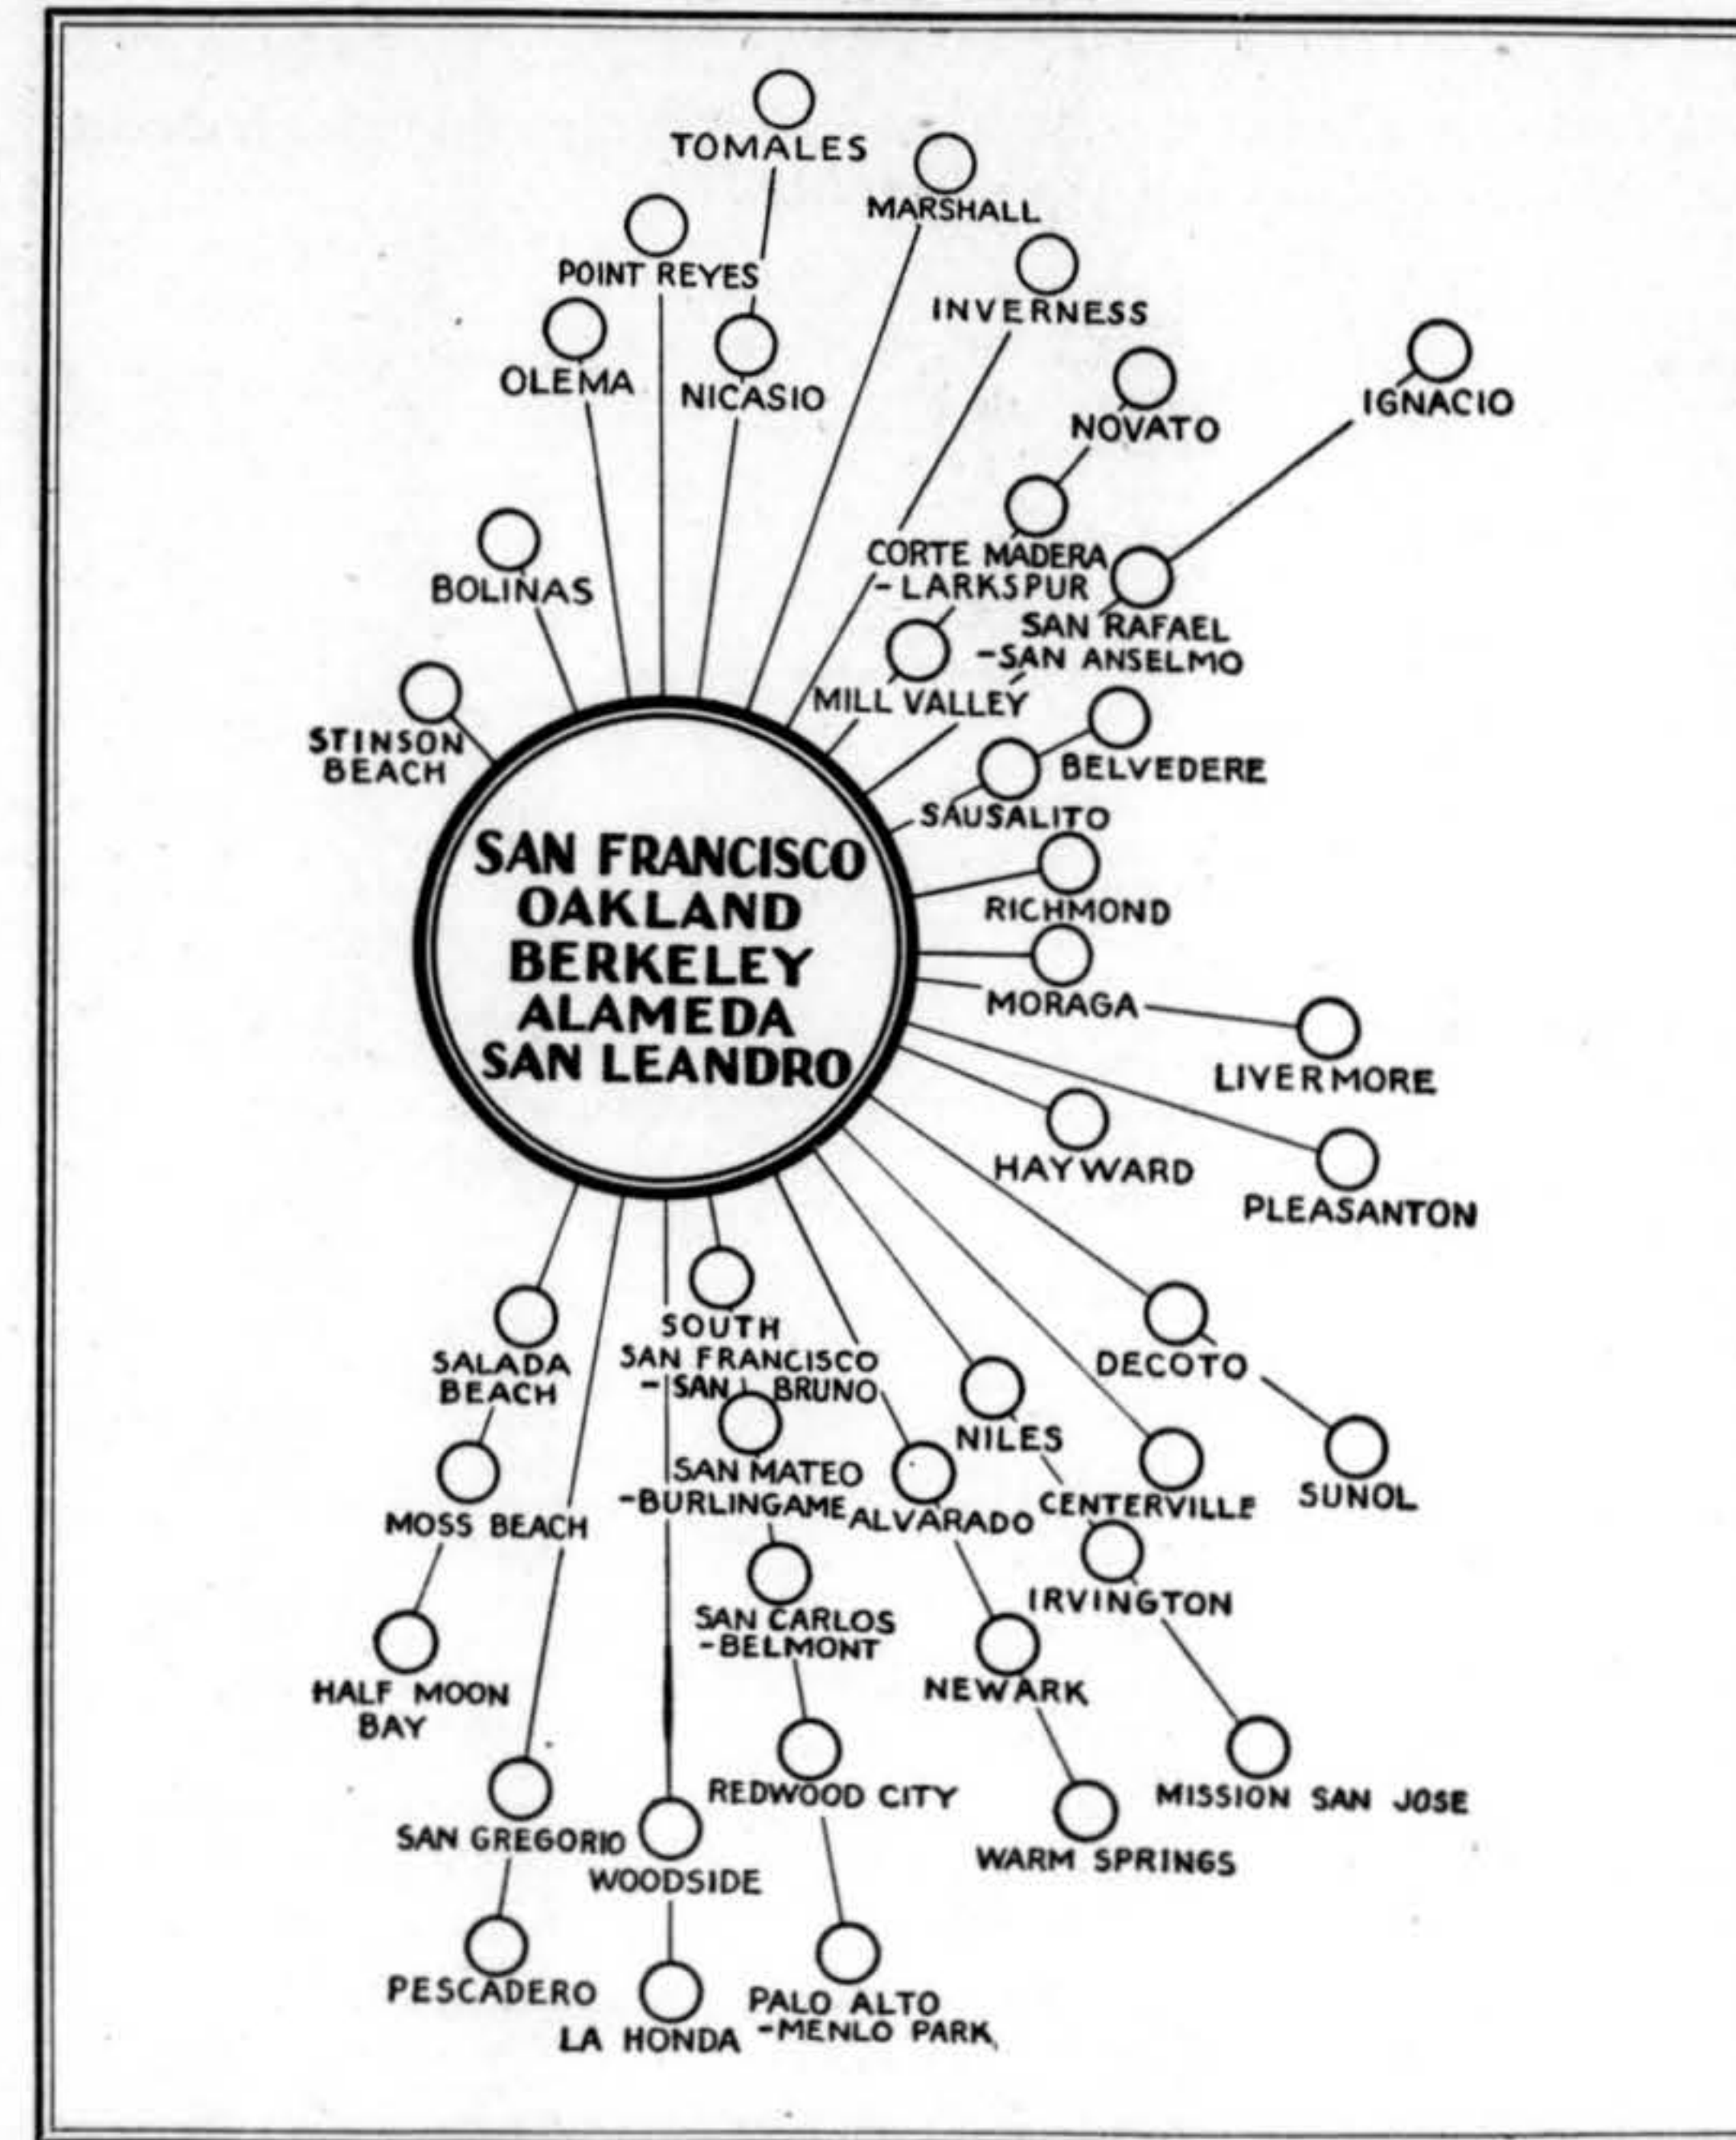

We render a most personal type of public service. Telephoning is a mutual undertaking that requires the co-operation of the person calling, the person called, and those of us who operate and maintain the delicate mechanism.

Although, being human, we may not reach so-called “perfection,” you may be sure that we will continue to the best of our abilities to do our part in the company’s continual effort to give you faster and better service.

You are always cordially welcome at our central offices.

## OTHER CITIES AND TOWNS

The listings of subscribers in these cities and towns are included in the Other Cities and Towns Section which follows:

The Other Cities and Towns Section includes the listings of subscribers in a combined list, alphabetically arranged, for certain cities and towns in the Bay Counties not listed in other sections of this book.

This list is designed to facilitate the finding of individuals or firms in these cities and towns with whom you may desire to communicate. Similar names are grouped regardless of location. The locality is indicated by the central office prefix of the telephone number or by the name of the locality which precedes the central office prefix in some instances, for example:

Jones Alfred A r 70 Meekland . . . . . Hayward-4321  
 Jones Jas H r 369 Arch . . . . . Redwood-837  
 Jones Wm C r 17 Fairfax Av Yolanda . . . . . San Rafael-914

With each listing the central office prefix, or the locality and the central office prefix, precede the telephone number.

This arrangement will greatly facilitate the placing of your Inter-City calls by telephone number and will thereby enable you to obtain faster service on such calls.
