JACK JOHNSON ROOFING CO. 3361-67 Army St.
Phones AT water 4914 and 4990

Certain-tee, a good roofing made better, higher asphalt saturation, heavier material, fast colors, passed by Board of Underwriters, 10 year guarantee, lower insurance rate. We have applied many of these roofs for the United States Government and others.

We aim to give the lowest prices consistent with good workmanship and High Quality. "He profits most who serves best."

If you shop for price, and price alone, you are likely to get the kind of a job you don't want. A roof must be practical, durable, harmonious and appropriate as well as beautiful. A roof for every pocketbook.

The state protects you against inexperienced Doctors and Lawyers, but you have to protect yourself against inexperienced Roofers. And remember, the best material in the world can be spoiled by inexperienced workmen.

Re-tarring your old roof adds ten years' wear to it

All necessary insurances carried
