AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter,
records an order, letter, bill or memorandum.

As her fingers touch the keys of her instru-
ment, those exact letters appear simulta-
neously in other offices in the same building
or in distant cities.

Such is the Teletypewriter, a new aid to
modern business.

Office, plant, warehouse, all can be tied
together by The Teletypewriter.
