Have two Telephones

An extension guards your household and is always handy

IN MANY homes, the telephone is more conveniently placed for day use than for use in the night.

Many a householder, hearing a prowler in the night, would realize that he was completely cut off from his telephone.

To be sure of your telephone always being where you want it, install a bedside extension.

The cost is trivial. The convenience is great, in fire, sickness, or any peril. It's a saver of steps for the housewife by day as well as for the householder by night.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY
