TELEPHONE "JACKS" OFTEN
ADD GREATLY TO CONVENIENCE
At desired points, "jacks" for a portable telephone may be installed in your home or business premises. A "plug" on the end of the portable telephone cord makes the telephone connection.

This is one of several special types of telephone service which are available for particular requirements.

FOR THE HARD OF HEARING
A special telephone has been developed by the Bell System for the aid of those with impaired hearing.

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our nearest business office will gladly give further information. Or just call our business office.

THE PACIFIC TELEPHONE AND TELEGRAPH CO.
