75% of our roofers have been in our employ over ten years.

The state protects you against inexperienced Doctors and Lawyers, but you have to protect yourself against inexperienced Roofers. And remember, the best material in the world can be spoiled by inexperienced workmen.

A REAL ROOFING ACHIEVEMENT, A GOOD Roofing Made BETTER by MILLER Process.

• Higher Asphalt saturation, heavier material. • It is the ONLY Roofing made by this process. Passed by the Board of Underwriters. A 10% to 15% Lower Insurance Rate.

Enlarged section shows how HOT ASPHALT SPRAYED from the fire kettle, forces its moisture out. Life giving asphalt is driven with full force IN-W-T-H-R-O-U-G-H every fiber of the felt. This process provides thorough and uniform saturation which is the life of the Roof.

Final dipping gives double assurance that saturation is complete

The MILLER PROCESS
