# An invisible "army" of workers behind every call you make

To speed your calls, thousands of workers are in vigilant attendance. Whenever you lift the receiver there moves to your service any part you require of all our equipment and organization. Ours is a precision job geared to serve you, the individual, each time you use the telephone.

Backed by an army of specialized workers and millions of miles of metal "voice-ways," small wonder that your telephone binds you to friends, assists you in business, saves you many a trip and helps you to get things done!

**YOUR** telephone is a door to your establishment. Open that door quickly by answering your telephone promptly. Hang up the receiver immediately upon the completion of the conversation in order that others may come in.
