PLEASE LISTEN for the DIAL TONE BEFORE DIALING

That "dial tone," a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

Mattress need Renovating?

Call **AIRFLEX—UNDERHILL 4532**

You'll Get a Thorough Job

We take the bumps out and give your friendly old mattress new mattress comfort. Expert workmen take your mattress all apart. The ticking is air cleaned, mended and brushed. Filling is cleaned, fluffed and combed. Worn-out materials replaced with fresh new ones. In innerspring mattresses, the coil spring unit is checked and tested, and if broken or collapsed is replaced and other necessary repairs made.

Your materials are all kept separate, cleaned separately and given individual attention from the time we get your mattress 'til it's returned refreshed and comfortable.

It takes time to do a thorough job to insure your sleeping comfort. So we furnish you FREE a fresh cleaned and sterilized service mattress to use while yours is being renovated.

FREE PARKING next to our plant

Little Things that Make a Big Difference

We give estimates before work starts. All materials needed are itemized. After work is completed each item is checked against original estimate so you are sure to pay for only the actual services you receive.

We wrap your mattress carefully in heavy DUST-PROOF PAPER when we take it and after the renovation is completed for your protection.

Compare our prices with the work and see the difference.

Consult with us on your mattress problems. This service is free.
