FOR THE HARD OF HEARING
A special telephone has been developed by the Bell System for the aid of those with impaired hearing.
Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.
Our nearest business office will gladly give further information. Or just call our business office.

HOME BUILDERS
Telephone conduit, included while the house is under construction, provides a clear way for telephone wires through insulation, concrete, fire-stops and around duct work. It eliminates the necessity for exposed wiring.
