MODERN BUILDERS KNOW
Insulation, ducts, fire-stops and some of the new wall and floor materials often make it difficult to conceal wiring in walls and floors. If additional telephones, or changes in location, are needed in the future, conduit installed now will save trouble later.

FOUR Thoughtful ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when your called party answers.
3. Please speak distinctly and slowly, with the lips just clearing the transmitter.
4. Please replace the receiver gently when through talking.
