Hurry in dialing often wastes
time. Listen for the dial tone. Dial
carefully, drawing the dial all the
way to the stop. Remove your finger
and let the dial return to position
naturally, without forcing. Result:
Speed, accuracy!

A store may not immediately
come to the mind of a prospect
when special services are desired,
such as are offered by a Beauty
Salon, Radio or Watch Repairing
Department. Many establishments,
realizing this, advertise under sev-
eral classifications in the Classified
Directory. Thus they direct more
business their way.

Have the right number when you
call. It's natural to trust to memory
—but when memory plays tricks
with a telephone number, you're
delayed. When you are not sure of
a number—won't you look it up in
the telephone directory?
