Hundreds of purchasing agents
have told us they use the Classified
Telephone Directory as their first
reference, because it is one of the
quickest ways to locate a local
source of supply.

Good teamwork between tele-
phone users and telephone opera-
tors is one of many reasons why this
country has always had a fast, de-
pendable and friendly telephone
service.

Do you wait for the dial tone
before dialing? When you dial be-
fore hearing the tone, you prevent
the equipment from getting you your
number. You also impair its ability
to serve other users. Waiting for the
dial tone helps the service to serve
all.
