Books, ash trays, ornaments can keep your telephone "off the hook". In that case it's "busy" to anyone who calls. Please keep objects from under your telephone.

MUND'S BOILER
Raises steam faster...
Sustains it uniformly...
Saves fuel and operating costs!
Increase your profits with this new, amazingly efficient boiler. Proven Inclined Water-Tube Principle gives most heat at least cost. Automatic controls plus uniform, sustained dry steam delivery eliminate time-wasting adjustments. Tubes are easily accessible. Rugged construction assures long life, low upkeep. Compact. Guaranteed by 50-year old firm. Convenient terms. Install Mund's new, easily-accessible, money-saving Inclined Water-Tube Boiler now. Bulletin on request.

When you take down your telephone to dial, a few seconds are sometimes required for the equipment at the central office to get ready to serve you. When it is in position you hear a notifying hum, a "dial tone," corresponding to an operator's "Number, please?" If you will wait for this dial tone, it will speed your calls!

A thoughtful party-line user answers her telephone bell promptly... places her own calls accurately, so that they do not have to be placed again... does not monopolize the telephone at the inconvenience of others... teaches children, too, the little-telephone kindnesses... and when her telephone is not in use, sees that it is hung up.

(Continued Next Page)
