Weldco Products 926 Howard DO uglas-2-3292

In 1869, Elisha Gray and Enos
Barton, with a half-dozen foot lathes
and a handful of skilled workmen,
opened their shop which grew into
the Western Electric Company of
today, the manufacturing, purchas-
ing and supplying unit of the Bell
System.

Do you wait for the dial tone
before dialing? When you dial be-
fore hearing the tone, you prevent
the equipment from getting you your
number. You also impair its ability
to serve other users. Waiting for the
dial tone helps the service to serve
all.

When you call somebody by
telephone, "play ball" with him by
giving him time to answer. A few
more seconds may do it!

To Find Someone

PLEASE LISTEN for the DIAL TONE BEFORE DIALING

That "dial tone", a
steady hum, is the
signal that the equip-
ment is ready to
receive a call. It
corresponds to an
operator's "Number,
please?"
