"Looking it up in the Classified" is a national habit. Purchasing agents, production men and engineers as well as house-wives refer to the Yellow Pages when they are ready to buy.

If you need help quickly, the Classified Telephone Directory is the place to look. Roofers, painters, plumbers and thousands of other services and dealers are listed in the Classified Telephone Directory for your quick reference.

TELEPHONE  
SECTION  
Will Direct You**

It's easy  
to make friends  
on the telephone,  
too

1. When you answer promptly, you show friendly courtesy to the person calling. Of course, it's sometimes impossible to reach the telephone within the first ring or two, so when you're making a call, give the other person time to answer—at least six rings.

2. When you talk directly into the transmitter and speak naturally and distinctly, your voice will come through clearly. Lips about half an inch from the transmitter give best results. Your listeners will appreciate these little telephone courtesies and you won't have to repeat words as often.

3. When you look up numbers in the telephone directory, you help insure getting the right number when you call. Many telephone users keep a handy list of frequently-called numbers, for they know that a "wrong number" wastes their time and that of the other party.

Thank you!
