You'll get quicker dial service if
you follow these simple steps:
1. Listen for the dial tone. It's your
signal that the equipment is
ready to take your call.
2. Dial each letter and digit of the
number in its right order.
3. Draw the dial all the way to the
finger stop.
4. Lift your finger and let the dial
return naturally, without forcing.
5. If you make a mistake while dial-
ing, hang up for a few seconds
and then start your call again.
