Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

You can shop at home . . . easily and comfortably . . . by thumbing through the Yellow Pages. Your Classified Directory lists "most every store in town . . . helps you find everyone who sells and serves."

As one friend TO ANOTHER

Please speak distinctly, when you telephone, with lips close to the mouthpiece. It is just as important to talk directly into the transmitter as it is to keep your ear close to the receiver.

When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.
