Would you like to get your share of business from customers in your neighborhood?

Not advertise in the Classified Telephone Directory? Simply call the Business Office of the telephone company and ask for the Directory Advertising Representative.

He will help you plan a sales-building message.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

Space your calls instead of making several without a break.

Talk only as long as necessary on each call.

When you finish talking replace the receiver properly.
