The men and women in the Bell  
System are used to meeting emer-  
gencies and they are trained and  
equipped to carry on in times of  
special need. For years they have  
known the test of fire, flood and  
storm. Always before them is the  
tradition that "the message must  
go through."

**Incidentally**  
Prompt answering of a

Don't forget to plan for con-  
cealed telephone conduit and  
convenient locations for tele-  
phone outlets when you build  
your new home. These built-in  
telephone facilities add real value  
to a home, yet their cost is very  
small if they are installed during  
construction.
