The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through".

### Party Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.
